

**SteriGraft™ – Cancellous Block 30 x 15 x 15 mm**

| Product Code | Description                         | Size & Measurements                 |
|--------------|-------------------------------------|-------------------------------------|
| 303          | Cancellous Block<br>30 x 15 x 15 mm | L = 30 mm<br>W = 15 mm<br>T = 15 mm |

Source: Proximal / distal tibia, distal femur, femoral head or humeral head

Preservation Method: Lyophilized  
*Containers must be stored at ambient temperature*

Common Surgical Applications: Spinal fusion or general orthopaedic reconstruction

**SteriGraft™ – Cancellous Crushed 1 – 4 mm**

| Product Code | Description                           | Size & Measurements |
|--------------|---------------------------------------|---------------------|
| 316          | Cancellous Crushed<br>1 – 4 mm, 5 cc  | Vol = 5 cc          |
| 309          | Cancellous Crushed<br>1 – 4 mm, 10 cc | Vol = 10 cc         |
| 308          | Cancellous Crushed<br>1 – 4 mm, 15 cc | Vol = 15 cc         |
| 306          | Cancellous Crushed<br>1 – 4 mm, 30 cc | Vol = 30 cc         |
| 307          | Cancellous Crushed<br>1 – 4 mm, 60 cc | Vol = 60 cc         |

Source: Proximal and distal ends of long bones, ilium, calcaneus or talus

Preservation Method: Lyophilized  
*Containers must be stored at ambient temperature*

Common Surgical Applications: Filling of bone defects, prosthetic or bone graft augmentation for spinal fusion, oral and maxillofacial, ankle and foot, or general orthopaedic reconstruction
